Thrills End Junior Ski Events; Many Close Races Held

ALPINE MEADOWS—The National Junior Ski Tournament wound up in spectacular fashion Saturday as Greg Schwartz, 15, from Cadillac, Mich., and Cathy Allen, 18, San Pedro shared honors in the concluding slalom races.

The slalom event was keenly contested in the boys division and ended sensationally as Schwartz cartwheeled through the finish line after nicking the final gate and sailing through the air. He won a decision of the judges over Rebel Ryan of Vermont, who was shooting for a three-way sweep of honors.

Third place went to Richard Holmes of Aspen, Colorado.

In the girls division, Miss Allen edged Cathy Nagel of Washington and third spot went to Sanse Neish of Steamboat Springs, Colorado. Nicki Jones of Tahoe was fourth in that event and Patti Kelly of Sugar Bowl was seventh.

The entire week's races and jumps were excellently conducted and attracted huge crowds.

Randy Garretson of Kirkland, Washington, was the double winning Nordic ski champion, with jumps of 161 and 164 feet. Second place went to Bob Hedloff of Minnesota and in third place was Dave Merrill of Vermont.

One young skier, John Greens, 18, of Maine, was injured and taken to the Tahoe Forest Hospital after his skis caught in loose snow. His condition was not serious.

Truckee Tops In Traffic For Month

The Truckee quarantine station went back into first place as a port of entry into California during February, ahead of all other 18 reporting stations, the department of agriculture reported.

There were 93,790 autos, 4,662 trucks and 579 buses checked going west at the local station last month, an increase of some 20,000 vehicles over January and more than 30,000 over January of 1963.

Yermo was in second place, the report shows, with 92,099 cars, 3,609 trucks and 540 buses. Yermo exceeded Truckee in the number of passengers with 248,628 to 228,870 at the local station. Meyers on Highway 50, which now checks all vehicles from the South Tahoe area as well as interstate, reported 71,830 cars, 281 trucks and 42 buses, with 214,031 passengers. Buses plying between California points and the resorts at South Tahoe are not included in the count for either Truckee or Meyers.

Stamback Expires After Car Mishap

Highway Patrolman James F. Stamback, 39, who suffered critical head injuries when he was struck by a two-ton truck operated by Gerald E. Teeter, 32, of Sacramento on March 10, died Monday morning in Mercy Hospital.

Four and a half hours later the truck driver who had been arrested on a drunk driving charge following the accident, was served a warrant charging vehicle manslaughter. He was arrested in an Auburn boulevard bar, according to officers, the same bar in which he admitted drinking the day of the fatal accident.

Stamback, who served with the Truckee squad for two years before transferring to Los Angeles and later to Sacramento two years ago, had stopped a woman driver for questioning on Auburn boulevard. As he stood by her car, the flat bed truck hit the rear of the patrol car, shearing the top nearly off. The truck flipped over on its top and skidded into the officer, knocking him 40 to 50 feet into the yard of a motel.

Funeral services were held in Sacramento yesterday afternoon and a number of Truckee officers as well as members of the local office attended.

Old Truckee Jail May Be Salvaged

If various local organizations have their say—and there is every reason to believe they will—the old Truckee bastille will be retained as a fitting monument to the early west.

The ancient jail, located back of the main street in Truckee has confined some of the most hardened and notorious bad men (and women) in the annals of western history. It is constructed of solid rock, with one or two tiny windows far up on the walls, defying escape.

West Shore Notes

Nancy Tomlinson, substituting for Ellen Attardi

Ellen Attardi has packed the kids in the station wagon and headed south for a well-deserved vacation. Since she makes a point of never mentioning herself in her column, I'm going to take this opportunity to publicly laud her for her tireless efforts as noon "referee" on the Tahoe Lake School grounds. Also, you may have wondered who "Hedda Goodands" or "Ida Aces" were. These are the fictitious names Ellen uses for herself when she "shares honors" at bridge. Now that I have insured against Ellen ever asking me to write her column again, I will attempt to give out with the news.

The Easter bunny is going to have to get out his snowshoes this

year again. Or maybe they'll just recruit a Snowshoe rabbit. At any rate, there will be no Easter egg hunt this Sunday on the Commons.

The Earl Kelleys of Lake Forest have gone to their Oregon ranch to spend Easter vacation. Sounds like a good place to take four kids during this long week. The Richard Carnells have put theirs in a trailer and headed for Arizona.

Kristen, Karla and Karen Meixner have gone to Sacramento to visit their grandmother, Mrs. Evelyn Walton; while their neighbors, Bonnie and Beccy English are going visiting too, Bonnie to visit her sister, Mrs. J. F. Hare in Sacramento, and Beccy to visit her father, Erick E. Gorgias of Berkeley.

Also visiting grandma are the Streepey kids of the Highlands, Kristin, Derek and Andrea are in Auburn with their grandmother, Mrs. Benzie, Cindy, the avid skier, stayed home.

The Mike Kolls of Berkeley are residing in their Comstock Acres home for the Easter holidays and are enjoying the skiing.

Happy birthdays this week to Jim Baker of Tahoe City, March 28; Marnie Weigaard, two years old on March 23 and Mrs. Jim Martin on March 22. Mrs. Martin is wintering in southern California.

A surprise stork shower was held last Thursday for Mrs. "Bucky" Strong of Tahoe Lake School. The party was held at the Tahoe Park home of Mrs. Gloria Read and co-hosted by Gloria, Sylvia, Nancy and Betty Long.

An hors d'oeuvre making party was held at the Alumni Center last week in preparation for the final cocktail party at the close of the Junior Nationals. Sounds like the preparation party was more fun than the real thing for they had to test the makings and finished off the evening with a spaghetti feed hosted by the Larry Lindsays. Jay Shontz has been discovered as an excellent mixer of eggs and other liquids as well. Perhaps he learned this at Pharmacy School? About 40 volunteers were present and by the end of the evening had volunteered for many other chores too. The press and officials and friends party at the Press Building in Squaw Valley was a huge success on Saturday, and all the hors d'oeuvres were gone early so they must have been good.

Don and Shirley Williams and their daughter, Linda of the Rubicon sneaked into town last Wednesday night after three months of touring Europe. They wanted time to rest and clean up a bit before seeing friends and regaling them with their travel tales. They toured England,

Tahoe Letter

(By Swanee)

Have some news that I think your readers, especially the old-timers, will find a bit saddening. I have just received a letter to-day from Oliver J. Brown of 922 Shattuck Ave., Berkeley, who is the brother of my old and dear friend of some 42 years. Phoebe B. Darlin who dropped dead of a heart attack on March 9.

Mr. Brown's information is as follows... Mrs. Phoebe B. Darlin, daughter of the late Egbert A. Brown and Pearl Jackson Brown, formerly of Sacramento, was the wife of the late Otto N. Darlin, and the mother of the late Frederick Darlin and Larry Darlin, believed in Wyoming, and a grandmother of his four children. Besides her mother and brother, a sister Eleanor Brown Welden of Berkeley also survives.

She passed away very suddenly of what the doctor termed a massive heart attack. The doctor believed her death was instantaneous.

Complying to an often expressed wish the body was cremated and rests beside her husband and younger son.

She was a member of Lyra Chapter No. 144, Order of Eastern Star of Whittier.

Funeral services were held on March 13, in St. Matthias Episcopal Church in Whittier.

Mrs. Darlin and her family lived for many years at Tahoe Pines, later coming to Tahoe City where Mr. Darlin erected a home and electrical business. She was always active in the Women's Club of Tahoe City, serving for several years as president, and lent every assistance to town and school projects which might better the community. The family moved away from Tahoe not long after their younger son Freddie drowned while swimming in the lake near the Tahoe City pier. The doctor said he had a leaky valve to his heart which could have proved disastrous at any time.

Her many old and loyal friends will join in expressing their deepest regrets and sympathy to the members of her sorrowing family.

And while I'm writing, I want to add something... I haven't seen in the Sun any notice of my dear old friend Bishop Porter's death... I could have missed it, but don't remember missing any papers... just in case you didn't get it, it won't do any harm to send this along anyway... in answer to my usual Christmas card I send the Porters every year I received this note from Mrs. Dorthea Porter, his widow.

Bishop Noel Porter passed away at Stanford Hospital, Palo Alto, on March 14, 1963. Mrs. Porter was living with daughter Beverly and family who lived next door.

The entire Tahoe-Truckee area mourns this beloved pastor of the outdoor Chapel of the Pines near Tahoe City, where he served so faithfully for so many years, and extend most sympathetic regrets to his family.

In haste... with my very best.

France, Spain, Germany, Italy and Greece to name the main stops. They were among the crowds climbing the grassy slopes to watch the Alpine Events at the Olympics, and they were in Greece during the funeral of King Paul. The main emphasis of their sight-seeing was on monasteries and museums. They picked up a new Volkswagen to drive over there. Shirley entertained friends on Sunday with a dinner of Spanish recipes she learned on the trip.

Gayle and Joe Brower of Squaw Valley have gone to San Francisco for a holiday during the Easter vacation days.

An organizational meeting of the Little League was presided over by President Greg Englehart of Incline Village last week.

Included in the program will be a skit by President Dave Stollery. The main business will concern itself with the current play, The Red Shoes, a children's play which the Sierra Winter Stock Company will produce in May under the direction of Marguerite Ashton of Kings Beach. Students and adults interested in any phase of the theater are invited to attend.

That, son, is a home that's completely heated by electricity. And in the years ahead, it's likely that more homes will be heated by electricity than by any other method.

Electric home heating is the really modern way—clean, automatic, safe, and so convenient. You can have a chimney if you want it, of course, but you'll save many dollars on home building with easy-to-install, economical electric heating.

The first day of spring brought with it the annual invitation to the Mary Doyle Unit benefit at the Diablo Country Club to be held April 24 when the organization presents, "Encore, Jane Nichols."

However, instead of an afternoon affair this will be in the evening. It was interesting to hear from Nancy Rubey, sponsor chairman, that last year was a very successful one—the Drama tea, play day, collecting thrift, working in the

Therapy Terrace Tea room, driving patients to the center, working on "Operation Growth" fund drive and expanding its services and establishing a school right at the center in a special school house.

It is gratifying to be a life sponsor in the unit having earned this honor organizing the sponsors, and to have participated in its activities for several years. Mary Doyle may well be proud of her namesake and the center she started.

Speaking of Diablo, it was a pleasant surprise to find longtime friend, T. D. Peterson of Diablo, now associated with Pacific Bridge at Incline Village. Ted replaces

Roy Anderson as project manager. Roy will return to his home in San Leandro with his family after being at Lake Tahoe the past year. Ted's wife, Dorothy, and children joined him for Easter vacation.

Frank Stattenstein of New York City is a new resident of Crystal Bay. He is connected with American Press, book publishers.

Controlled Data Corporation, makers of large scale computers, held a convention at the Nevada Lodge last week for district managers of the western region. Ray and Irma Whitney entertained the group at a cocktail party at their Incline Village beach home. Dale and Helen Wilson of Walnut Creek were among those attending the convention. Wilson is district manager of the Oakland district.

It was a busy convention but it was the women who stopped the traffic. Mrs. Allen Johnson ran out of gas in front of the lodge and Irma and Helen pushed her car to the foot of the hill for refueling. The incident provided much conversation and merriment to the consternation of the trio who hoped no one was watching.

Tom Sutton of Kings Beach re-

ceived a report from the United States Department of the Interior, fish and wildlife service, bureau of sport fisheries and wildlife, migratory bird populations station at Laurel, Maryland. Tom reported a band number from a Canada goose he shot at Weeks, Nevada, on January 5, 1964. The goose was banded by the Wyoming Game and Fish at Turbin Lake, Wyoming on June 30, 1962.

Band recoveries provide valuable information on migration routes, mortality, and other subjects important in the conservation of migratory birds. Also the sources of birds that are hunted in each state or province, as well as the behavior and life histories of over 800 kinds of North American birds. Many birds migrate as far as South America and other distant points where bands have been recovered include Siberia, Japan, Africa, Portugal, England, France, New Zealand and several Pacific islands. One pintail banded in Canada was taken in England 18 days later.

Over 11 million birds have been banded and a half million or more are being added each year. About one million of these have been recovered and are being studied. The agencies and individuals participating in this work appreciate the public's assistance and cooperation.

Mrs. H. La Borde of Kings Beach was hostess to a baby shower in honor of Mrs. James Warrington of Incline Village. Traveling bingo entertained guests following which gifts were opened. A delicious strawberry cake was enjoyed. Invited guests were Ruby Faulkner who assisted the hostess, Ginny Parsons, Alice Proctor, Jetta Steward, Mae Springer, Jerry Rayburn, Joanne Anachino, Gwen Robinson, Heide Cook, Marlene McCourry, Dorothy Corbin, Louise Anderson, Melvia Jones, Bern May, Ida Warrington, Arletta Bullock, Jane Neustetter, Helen Stokes, Inez Jordan, Theresa Sutton, Mary Early and Edith Mullis.

Enjoying a week in Hawaii were Fred and Alysmae Schultz of Tahoe Vista. Rich and Gina Neville and daughter, Barbara, of Incline Village accompanied the Schultz' on the trip. The group made their headquarters at the Foster Towers.

Bob and Mae Critchley and daughters Karen and Kathy of Tahoe Vista enjoyed a vacation to Las Vegas this past week.

The Women's Society of Christian Service gave a luncheon in honor of Senior Citizens at the Fireside Room of the Methodist Community Church in Kings Beach. The room was beautifully decorated by Eleanor Egan and the group was entertained by the M. H. Dodds who showed a picture of the volcano eruption in Hawaii that they had taken.

Guests were Mrs. Iva Montgomery, Mr. and Mrs. Fred Reynolds, Mr. and Mrs. W. L. Bates, Edith Marshman, Bonnie Barnett, Helen Stokes, W. R. Egan, Mr. and Mrs. M. H. Dodd.

Hostesses were Ruth Mizner, Sophie Levra, Pearl Draney and Eleanor Egan. Also present were Kay Felte, Fran Thompson, Jane Tenneson and Noreen Marx.

The next meeting of the WSCS will be April 1 in the Fireside Room when the Schuberts are in charge of the program — and report on their experience as missionaries in Africa.

Bill and Nina McGarry and children Kim and Christine of San Francisco were Easter vacationers to Lake Tahoe and the north

shore. Bill is a weekend businessman to the north shore to conduct his tours. Everyone is charmed by his gaiety and wit. He and his family are ardent skiers, too, and are on the slopes whenever possible.

Others present and assisting in the luncheon were Joy Plunkett, Ardith Burrill, Beth Smith and Marguerite Ashton.

Pearl Draney is organizing a sewing circle for the WSCS. The new organization has been joined by Deede McKenney, Ethel Bates, Hannah Reynolds, Sophie Levra, Iva Montgomery, Eleanor Egan, Helen Stokes, Bonnie Barnett,

Records of the meetings of the Nevada County Board of Supervisors will prove that your representative has seldom failed to answer roll call, regardless of the weather or other handicaps. This has been necessary to assure you of full representation and to provide this district with its full share of county funds.

Attending meetings, however, is not the most important duty of your supervisor. A complete knowledge of constantly changing laws is necessary and the ability to benefit from those changes is not a part-time job, nor one which can be passed over with a "let George do it" attitude.

You must agree that during the past 20 years, the Fifth District has made remarkable progress, has received its full share of benefits and is in a position to continue this progress.

The election of your incumbent supervisor is the sure and proven way to guarantee this continued service.

There is no substitute for experience and knowledge.

OSBURN'S FLYING "A" SERVICE
Chas. Osburn Truckee, California

Truckee Led State
With 1963 Traffic

More vehicles passed through the Truckee quarantine station into California during 1963 than any of the other 18 stations in the state, according to a report from the state department of agriculture.

The record shows 1,520,880 cars, 57,935 trucks and 13,425 buses were checked through the local station going west. The passenger count was 4,140,146 persons.

The total number of vehicles was only 1,143 more than those checked during 1962 when there were 1,519,793 autos, 55,932 trucks and 15,372 buses with a passenger count of 4,222,803 or 81,657 more than last year.

The only other station nearing the Truckee mark was Yermo which had a total of 1,436,159 cars, 49,554 trucks and 8,404 buses and a passenger total of 3,994,283. Truckee, Yermo and Winterhaven were the three stations exceeding the million mark last year.

Over the state as a whole there were 8,410,150 autos, 454,520 trucks and 56,959 buses with 23,448,464 passengers entering the state last year, the greater number being California vehicles. This was approximately one million more cars and nearly 3,000,000 more passengers than were checked during 1962, according to the report.

July and August were the biggest travel months, with January and February the lowest.

NEW LAW TO EFFECT
YOUTHFUL HUNTERS

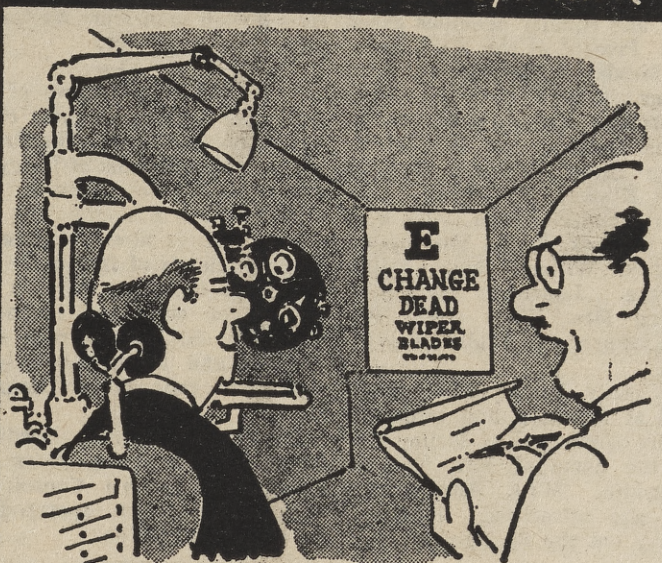

Youngsters under the age of 18 years may be in for a shock when they attempt to purchase their 1964-65 hunting license, if it's their first California hunting license, the department of fish and game announced this week.

The shock would come if the youngster had neglected to successfully complete a hunter safety training course, the DFG said, because if this happened, the under-18-year-old couldn't get a license.

The 1963 Legislature added a law which stipulates that all youngsters under the age of 18 must pass a Hunter Safety Training Course, or have a prior year's California license, to obtain a hunting license after July 1, 1964.

Previously, a similar law applied only to youngsters under 16 years of age, the DFG explained. The course is administered by

WEATHER WOES by Pinson

"It's no use", said the Doc to McBleek,
"To fix up your eyesight that's weak—
Good vision's no good
If your view past the hood
Is blocked by wipers that streak!"

PREVENT THOSE WEATHER WOES

The Highway Visibility Bureau says: Be sure your windshield wiper blades are fresh and do not streak. Replace or refill streaking dead blades promptly with good live rubber. Blades go dead from exposure to sun, wind, smog and road film. Keep your side windows clean, also your head and tail lights. Keep plenty of water in your windshield washer, with anti-freeze solution in winter. Make sure your defroster is working. You must see danger to avoid it. Clear vision is priceless when driving.

Abe Woodson, star football player of the San Francisco 49ers was the guest speaker at the Block "T" sponsored "Spring Sports Banquet" held at the Tahoe Truckee High School March 17.

At the well attended banquet Woodson proved to be a most witty and charming speaker as he told of his experiences in professional football plus passing on words of wisdom to Wolverine athletes. Local fans will undoubtedly take more interest and personal viewpoint in future 49er performances.

Guy Wilson, program chairman, stated the entire program was an outstanding success as many favorable comments were expressed by the departing 270 persons in attendance. Thanks are offered to many cooperating people who made the banquet successful.

The department pointed out that winter and spring months are slack hunting seasons, and instructors usually have more time for classes at this time of year than in the busy summer and fall months.

SUPERINTENDENT AT
WASHINGTON CAMP

SACRAMENTO — Heman G. Stark, director of the State Department of the Youth Authority, has announced the appointment of Carl Hutton as superintendent of the Washington Ridge Youth Conservation Camp.

Hutton succeeds Robert Baham, who had been superintendent of the camp since its opening 1961. Stark said Baham will go to the Youth Authority's Fred C. Nelles School for Boys in Whittier to work as head group supervisor, a position formerly held by Hutton. For seven months Hutton has been in the department's Sacramento office as administrative assistant in the department's budget unit. He has worked for the Youth Authority for almost 17 years, starting as a group supervisor at the Fricot Ranch School for Boys, San Andreas.

The Washington Ridge Camp, operated jointly by the youth authority and the division of forestry, has a capacity of 80 boys. The camp superintendent is also responsible for the operation of a 20-boy spike camp at Smartville in Yuba City.

It depends on what you're putting on the line—savings or investments. If it's an investment you're making, naturally you'll want to get a high return. And most investments do pay higher returns because higher risks are involved. But where your savings are concerned, you can't afford to take chances. Most people don't. They put their money where the interest is sure and where the principal is protected—in the bank.

Truckee Jail

(Continued from Page 1)

Chamber of Commerce, the Truc-
kee Lions Club and Chief Truckee
Chapter of E Clampus Vitus passed
resolutions calling upon the
board of supervisors to retain the
old structure as a historic land-
mark. In this Supervisor H. G.
Loehr concurs wholeheartedly and
will ask other members of the
board to give the request favor-
able consideration.

The old jail is soon to be re-
placed with a modern, well-equi-
ped jail in the new county building
at Gateway and there was an idle
rumor circulated that the ancient
structure might be used as a tem-
porary dog pound. This rumor
was quickly still by loud pro-

Busy Week Slated For Sugar Bowl

SUGAR BOWL—This week the
Sugar Bowl will see little kids and
funny hats as it will be Easter in
the high Sierra. Easter week is
traditionally set aside at the bowl
just for the kids. All week long
there are races and special events
for the kids. Activities started
Monday with the cross country
race for kids five to 12 years old.

On Tuesday an obstacle race was
held in front of the lodge.
On Wednesday the kids slalom
was held on the rope tow on Mt.
Disney. This was a race for kids
five to 12 who had never raced
and want to learn.

On Friday the annual family
team slalom race will be held on
Mt. Disney. For this race a family
will be able to enter either one
adult and two children or two
adults and one child. Trophies will
be awarded for the top three fam-
ilies.

On Saturday the Sugar Bowl
giant slalom and DHO will be held
on Mt. Disney. This race is for
kids that have race cards and is a
sanctioned race. Classes I, II and
III will participate in this race.
It will also be the divisional cham-
pionships.

On Sunday, the Walt Disney
Trophy Race will be held on Mt.
Disney. It will be a slalom for
Class IV and V. Trophies for this
race will be photographed pictures
donated by Walt Disney.

Other highlights for the week
will be a torchlight parade down
Mt. Disney on Saturday night. An
Easter egg hunt will be held on
Easter morning and a mad hatter
contest in the afternoon.

president of Donner Lake Resort
and Business Association. At the
present time he is a director of
the Truckee-Donner Chamber,
Donner Lake Volunteer Fire De-
partment as well as being a di-
rector of the Tahoe Forest Hos-
pital, also an ex-officio member
of Truckee Sanitary District
Board, from Donner Lake.

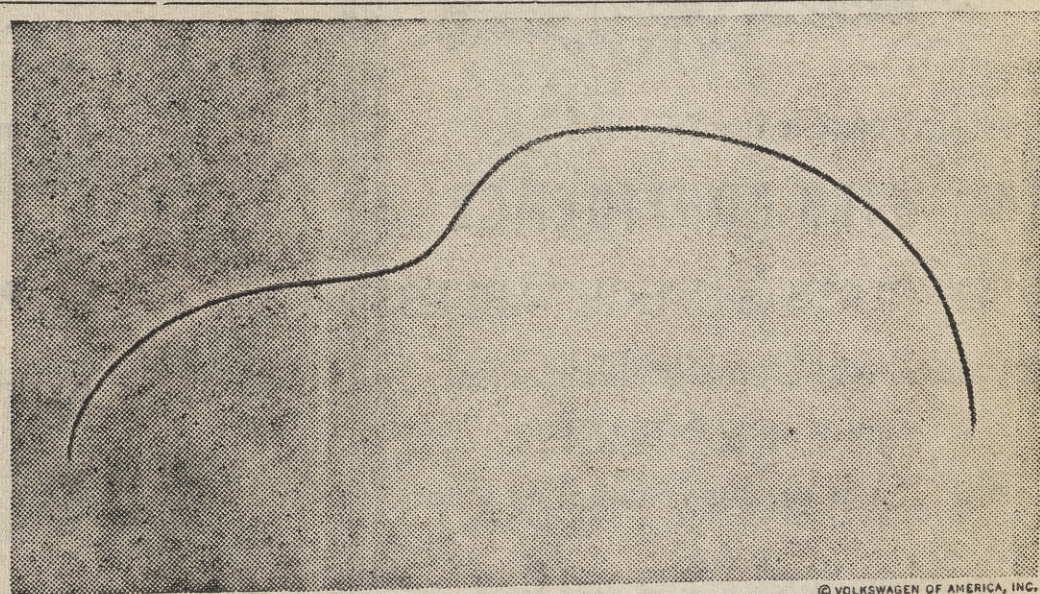

In promotion and area improve-
ment he is a member of Reno Ex-
ecutive Club, Truckee Outdoor
Sportsmen, E Clampus Vitus, Chief
Truckee Chapter, Truckee-Donner
Horsemen's Association, and mem-
ber at large of the Lions Club.

In announcing his candidacy for
Supervisor, he feels that there is
room for a good deal of improve-
ment in the present efforts of our
supervisor in keeping in touch
with his constituents.

"In deciding to enter the Super-
visor race, we have listened to the
many 'gripes' of Truckee busi-
nessmen and Donner Lake busi-
ness people and thoroughly be-
lieve a change in our representa-
tion on the county board of super-
visors would be of great benefit
to everyone. A more forward
thinking representative, with em-
phasis on Truckee's needs and
less upon Truckee's conformity to
the county system," Tofft declared.

tests from all quarters.
The E Clampus Vitus chapter
plans this summer to hold a cele-
bration during which a plaque
will be attached to the old jail,
one of the few remaining dungeo-
type bastilles in the country. Many
times condemned and often "mod-
ernized," the Truckee jail will
stand as a reminder of the real
tough times which criminals had
to bear in the early, and even more
modern times, of Truckee.

SUN ADS GET RESULTS

How much longer can we hand you this line?

Forever, we hope.
Because nobody ever intends to change the
Volkswagen's shape.
The only reason the Volkswagen is ever
changed is to make it work even better.
The money that isn't spent on outside changes
is spent inside the car.
This system provides an immense advantage:
Time.
There's time to improve parts and still keep

most of them interchangeable.
(Which is why it's so easy to get VW parts, and
why our mechanics don't wake up screaming.)
There's time to put an immense amount of hand
work into each VW, and to finish each one like a
\$6,000 machine.
And this system has also kept the price almost
the same over the years.
Some cars keep changing and stay the same.
Volkswagens stay the same and keep changing.
